VOL. 2, No. 13 — COLUMBUS, OHIO, SATURDAY, JANUARY 25, 1930 — Whole No. 65

"Entered as second-class matter March 13, 1929, at the post office at Columbus, Ohio, under the Act of March 3, 1879."

Stamp News in Brief

Reprinted from Gibbons' Stamp Monthly

BRITISH EMPIRE

Australia. Mr. S. Mitchell kindly informs us that the Western Australian Centenary stamp was sold out at the General Post Office, Perth, on the 22nd October. However, as our correspondent states, it must be remembered that the stamp is not yet by any means obsolete, stocks still being available at the majority of country post offices.

With reference to our statement in G. S. M. last September that a "special cancellation" was used on all mail carried on the Brisbane-Adelaide first flights, Mr. D. Hogarth tells us that it was a special cancellation only in that it was particularly used to advertise the new service but not exclusively employed on air mail matter, being applied to all first-class mail.

Ceylon. We have received from Ceylon the following new shades and plate numbers, viz.:

1 c. A deeper brown shade.

15 c. Plate 19 instead of Plate 13.

25 c. A slightly paler orange, and a brighter blue, with Plate 19 instead of Plate 12.

50 c. Deep scarlet and black, instead of scarlet and grey-black, and from Plate 21 instead of Plate 16.

Mr. R. A. Haines gives us an interesting example of how even the 1000 Rs. stamp of this colony can be genuinely postally used. He states that the parcel rate by air for Chile is 3 Rs. 30 per ½ oz., and since the maximum weight allowed is 22 lbs. it is quite easy to use even two of this high value on one package.

India.—Soruth. Mr. Chunilal M. Mehta gives us some information re the designs of the new series of postage stamps listed last month.

The 3 p. and 3 a. values show the city of Junagadh, the capitol of Soruth, with the Girnar Hill in the background, this latter being sacred, and a place of pilgrimage for Hindus.

The hill is surrounded by the Gir Forest, one of the few haunts in India of lions, one of which is shown on the ½ a. and 4 a. stamps.

SALAK AT WORK

Kathiawar, of which Soruth forms part, is noted for its breed of polo ponies, and this is the raison d'etre of the "Kathi Horse" which appears on the 2 a. and 8 a. The remaining values, of course, give a portrait of the Maharajah.

Irish Free State. Mr. John Dixon kindly shows us an interesting minor variety in the 2d. Catholic Emancipation stamp.

This consists of a circular flaw (colour surrounded by white) in the hair above O'Connell's left temple.

Our informant states that this flaw was noted in the first consignment to Cork, and, as far as he is aware, only fifty-one sheets were issued.

Concerning this same stamp, Mr. A. T. Newham substantiates our conjecture that the two shades mentioned in November are the result of different printings, since he tells us that those he bought on the day of issue were distinctly deeper in hue than those obtained later.

THREE CENTS

Newfoundland. Last month we mentioned that the 3 c. on 6 c. provisional was surcharged in blocks of 25 (5x5): 100,000 we learn were thus treated by the King's printer at St. John's.

Practically each specimen of the sheet differs slightly from the others, and we give below only the more obvious varieties.

The normal setting of the surcharge is with the "c" of "cents" below the "th" of "three." Exceptions are found on stamps No. 1 and, to a lesser extent, Nos. 23 and 24 of the setting which have the "c" under the "t."

Others are as follows, viz.:

No. 7. Quad showing to left of "cents."

No. 17. Dot under right arm of "t" in "three."

No. 19. Dot in "h" of "three."

Nyasaland. Mr. C. D. Twynam states that a new office was opened at Vuau in May, 1929. The

temporary postmark has been made by altering the place name in one of the old square date stamps.

Sierra Leone. The 3d. has now appeared from Plate 21 in a much brighter shade of blue than before.

South Africa. The current 1d. Official stamp (No. O 7a), gives us a constant variety on No. 131 of the sheet, this taking the form of a broken "O" in "Offisieel."

Southern Rhodesia. We are indebted to Mr. Heathcote Tatham for the information that locally it is considered unlikely that the new issue will be ready by April.

Although no definite decision has been arrived at, it is probable that two designs will be used, one depicting His Majesty, the other a pictorial subject.

Trans-Jordan. Two new issues are contemplated for this territory. The first is a modification of the current series by the substitution of "mils" in English and Arabic for the numerals in two of the corners.

The second is a pictorial series, to be on sale for a year and intended to interest tourists in Trans-Jordan.

The first should be ready for issue this March, but the other not before 1931.

FOREIGN COUNTRIES

Albania. Mr. P. V. Karaivanoff kindly shows us the 10 q., rose-carmine, of 1925, imperf.; also the same stamp and the 10 q. 1927 with "wreath" overprint, perf. 11½ instead of 13½x13.

Belgium. We have official information that on the occasion of the holding of the Philatelic Exhibition at Antwerp this year a special stamp will be issued showing the arms of the city.

The printing is limited to 60,000 sheets of one stamp of 4 fr. value each, and will only be sold in and during the Exhibition, each entrance fee of 10 frs. giving the right to one stamp free.

Remainders unsold will be then available for sale at the same price, viz. 10 francs, until exhausted.

This year's Anti-Tuberculosis set, one of the finest, in our opinion, yet issued, will remain on sale until the 15th of this month, and will be valid for postage until 30th September.

Costa Rica. The new 13c. provisional has been printed to the tune of 2,000,000 copies, for interior service only.

Ecuador. Definite new Air stamps of 1 s., 2 s.10 and 2 s.50 to be printed by the American Bank Note Co. are foretold for this country.

Germany. The quantities of this year's Xmas Charity issue are as follows:

5+ 2 pf. 10,000,000.
8+ 4 pf. 12,000,000.
15+ 5 pf. 12,000,000.
25+10 pf. 2,000,000.
50+40 pf. 800,000.

Holland.—Curacao. From Messrs. P. Gordon Wimberley and E. Mizrahi we receive further information concerning the recent Air provisionals, from which we learn that remaining stocks were withdrawn and burnt on the 15th October, the authorities fearing that the surcharging of high values on low values would give rise to forgeries.

The official figures are:—

	Prep. for Issue.	Burnt.	Sold.
50 c.	9800	220	9580
1 g.	14800	5296	9504
2 g.	7800	193	7607

Nicaragua. The following varieties are to be found on the sheets of the recent Air stamp provisionals, viz.:—

25 c., brown, and 25 c. orange.

Nos. 13 and 16. Large "1" in "1929."

Nos. 10, 20 and 89. Extra large capital "A" 's in "Correo Aereo" and "P. A. A."

Nos. 50, 99 and 100. Extra large capital "A" 's in "P. A. A." only.

25 c., violet.

All bottom row of sheet have the letters "P. A. A." in a larger fount than the remainder.

STAMP WIDOWS

"Three young matrons were seated on a porch in one of New York's suburban towns and the conversation veered around to the subject of husbands—the breadwinner of each wife being absent.

"Speaking of 'golf widows'," said one young woman, that is old stuff. I am a 'Radio Widow.' My husband puts in all his spare time taking apart and putting together his radio. "Well," said the second matron, "I am a Stamp Widow. All my husband's spare time is taken up poring over his stamp collection." "If you ladies are in the weed wearing class, then I am also entitled to wear them for my husband spends all his spare time in the garden. I must be a Garden Widow."

The above is a clipping from the New York Sun sent to us by the husband of the "Stamp Widow." He says the Garden Widow sent this tale of woe to the Sun and got two bucks for it. He further states that the story is true and represents three homes in a row on his street but he doesn't tell what became of the two bucks.

ABYSSINIAN MONEY

The Abyssinian stamps testify to the peculiar monetary system in effect there. The Maria Theresian Thaler, the only coin which is universally accepted, is minted by Austria and must bear the date, 1780. The design is of Maria Theresa and the medallion of her dress must not be worn off if the coin is to be used. It was originally introduced by the Austrian East India Company in the time of Joseph II (profile on the 3 heller of the 1908 issue of Austria.) It was well liked by the natives who had been using cotton as a medium. A querche is, supposedly, worth one-sixteenth of a Thaler but post office is the only place where 16 are given for a Thaler (generally 8 or 9 querche equal one Thaler).

NEW METER MAIL MARKS

Edward H. Sprangers of Philadelphia submits a new Metered Mail Cancellation that is quite a novel idea. It reminds one of the Advertising cancellations used at different times by the Post-office Department. In addition to the Meter Mark indicating the amount of postage and the meter number, there is also the cancellation with name of town and date and then to the left of this there is a small circular mark about the size of a cent which is strictly an advertising mark and is applied along with the meter mark and the cancellation. It is indeed a novelty and will doubtless become popular with the users of the Meter Mailing machines.

John Arnosti, P. O. Box 445 Grand Central Sta. New York, N. Y.

FORT ORANGE PHILATELIST

The Fort Orange Stamp Club of Albany, New York, has issued the first number of the Fort Orange Philatelist. It is a very creditable eight page paper, neatly printed and attractive yet as a strictly club paper it will be an expensive proposition. We like to see progress and activity in local stamp clubs but we believe that they are being misguided or ill advised when they attempt to publish a paper.

UNCLE SAM MIGHT TRY THIS

Canada has reduced postage rates on letters to all countries in South America, to two cents. This rate has been in effect between Canada and all points in North and Central America and the further extension of the 2c rate to South America is expected to increase the volume of business between Canada and Latin America.

This Is Not for You

Unless you are looking for good medium grade stamps at ½ catalogue, and less. Booklets by countries. Net prices. Ask for a selection. Give us an idea of what you want. No. U. S., only foreign. References, please. How about 100 diff. Luxemburg, only $2.00.

Syracuse, N. Y., 2c, 4c, 5c.

A total of 28 new varieties to list this time, although it has been three weeks since our last listing was sent in. This is a good showing, thanks to the kind co-operation of our readers, and brings the new issue listing pretty much up to date. Thanks are due this time to E. H. Rockwell, Oregon; Wm. H. LaPrade, Jr., Georgia; and E. S. Thresher, Missouri. The editor would like to see a dozen names on this list every week. Won't you send in at once any unlisted items you may have or get from time to time? If you wish, the stamps will be returned to you the same day as received—but we must SEE them in order to list them.

The editor also sincerely thanks the following who remembered him with Christmas and New Years greeting cards: Louis A. Pike; Joseph J. Gloeb; Frank McChesney (with a beautiful pair of the new Philadelphia ½c buros); Richard J. Beck; Ernest R. Wernstrom; S. S. Kahn; Chester G. Schwedler; H. S. ("Hap") Haller; D. S. Tootelian; Lieut. Thomas M. Crawford, and H. B. Locke.

MORE INTERESTING FREAKS

Louis G. Barrett, of Mass., sends in for inspection an interesting array of freaks, plate breaks and possible errors, and writes: In LINN'S for July 22, I notice your reference to the discovery of the no-period varieties of the old type Indianapolis buros. While no doubt Mr. L. A. Pike should be given credit for his announcement of this variety, yet it is but one of that kind that have been known among the older buroprints. In fact, the 1c P. 10x10 was one of the first Indianapolis in my collection and was marked "period missing."

Mr. Barrett shows us the following interesting varieties:

Chicago, Ill., old 1c P. 10x10 with no period after "ILL".

Indianapolis, Ind., old 1c P. 10x10 strip of three with middle stamp showing no period after "ILL".

Indianapolis, Ind., old 1c P. 10x10 with no period after "Ind".

Grand Rapids, Mich., 1½c old type coil, with no period after "Mich".

Minneapolis, Minn., old 10c P. 11x10½ reading plainly "Minncapolis." (A broken "e" looks like a "c".)

Chicago, Ill., old 4c P. 11x10½ with 4 mm. of the upper line missing above and to the right of "O", which letter also is defective, appearing nearly like a "C". (This break is very similar to the "smashed plate" variety already reported on the Chicago new small type ordinaries, seen on the 4c and 8c thus far.—Ed.)

Boston, Mass., old 1½c and 6c P. 10x10 with lower right angle of "N" missing.

Boston, Mass., old 1c P. 10x10 with a much more serious defect: nearly half of the right side of the letter "N" is missing. This item is located at the right edge of the sheet as the line-ends show at right (this is not the case with the two Boston items mentioned above, which are from somewhere in the middle of the sheet.)

Boston, Mass., old 8c P. 11x10½ horizontal pair with top margin with nearly half of the right side of the letter "N" missing (same as above) on the right stamp, thus locating this variety as the corner stamp at the N. E. of the sheet.

Lansing, Mich., 1½c old type coil with second "N" of Lansing defective, having lower right angle missing; also upper right arm of "H" missing.

Kalamazoo, Mich., 1½c old type coil with first "A" small, only 2mm. tall, (top has been broken off).

Mr. Barrett also sends a very interesting and scholarly display of noteworthy freaks and varieties of old issue general precancels, but as they do not fall within the scope of this department, we do not list them here.

EDITORIALS

THE FUTURE OF THE COLLECTORS CLUB

The latest issue of the Collectors Club Philatelist again speaks of the future of this club. Some of the suggestions are along the line that the editor of Linn's Weekly has always maintained will be a part of the future Great American Philatelic Society. No society has as yet started to approach what will be the future Great American Stamp Club, but the Collectors Club is getting nearer to the goal each year and will in time usurp the place in American Philately that should have been filled long ago by the American Philatelic Society.

Perhaps a brief outline of what will eventually be the Great American Philatelic Society will help to show our readers clearly what is in store for American Philatelists.

First, the society will have a national headquarters building in some large city, it would have been highly desirable if this could have been located somewhere near the center of population in the United States. The club will be governed by a board of directors who will reside in or near the headquarters city. Besides the board of directors there will be a president and other officers whose duties will be much as they are in our national societies but subject to approval of this board. Officers such as the Secretary, Treasurer and Sales Manager will be quartered in this National Headquarters Building and will be paid a salary. The Sales Manager will also be a salaried man and the profits of the department will benefit the society. The society will publish its own official journal. The society will maintain a national library available to all members.

The society will promote by all means possible, stamp collecting, through the newspapers of the country by way of a news bureau, by lectures and pictures which are loaned to different local societies.

In order that interest and enthusiasm may be maintained in the cities and states outside of the immediate zone of influence of the Headquarters Building, there will be appointed by the president of the National Society, a state vice president for every state, this man to be appointed on the merit of his activity or for some other reason as may be determined upon. An effort will be made to have local clubs in every city and town become affiliated with the National body. A plan of membership will be worked out that will permit every real stamp collector to become a member of the local club as well as a member of the national society. A small part of the dues of the local society will be turned over to the National body. Different classes of membership will be established for the benefit of those who can not afford the most expensive class. A system of distribution of sales department books will be devised which will cover all of the local societies.

It will be urged on the various state groups that they hold a state convention every odd or even year at which time there will be chosen delegates to attend the convention of the National body in the following year. In this manner, it will be possible for many collectors to attend a State Convention whereas many never can attend the National Conventions.

In effect, the Great American Stamp Society will operate on a strictly business basis for the benefit of all stamp collectors, and for the benefit of stamp collecting.

What is needed is to perfect a working organization that will permit of the active participation of as many different people as possible in the work to be done. Stamp collectors are workers, they like to be in the thick of things and they like to take an active part in

the development and growth of their hobby.

THE NEW AMERICAN AERO Philatelic Society is at last on the wing. This number of Linn's Weekly contains the first official announcement of the Society and we are glad to announce that the Society has picked Linn's Weekly as the Official Journal of the Society. We have predicted a rapid growth for this society and we believe that the start that it has made will convince most anyone that there is room for a society that will work along the lines that this organization has planned to follow. Application blanks will be supplied by the editor.

MR. A. P. KESTER OF ST. PETersburg, Florida, has sent the editor two of the large official Air Mail Covers all marked up with cachets for the week of celebration at St. Petersburg in honor of the 16th anniversary of the First Commercial Air Line in the World. We are also glad to acknowledge a cover from Mr. Claude P. Neet.

C. A. M. 20 SAW ITS LAST DAY of daytime flights on January 15th. The cover is of course unofficial yet it marks a historical date in the air mail service over this route and official or unofficial, the cachet applied to the cover is one that will help identify it and place it as a cover worthy of being saved by the air mail fan who hopes to make a historical air cover collection.

THE DAVIS ROCKY MOUNTAIN Coin Encyclopedia is the exhaustive title of a booklet that contains over 70 pages of information of interest and value to coin collectors. It seems evident from the name of the author, none other than Dr. Holland A. Davis, Secretary of the American Philatelic Society, that the good secretary is also after the Coins of the Realm as well as the stamps. We do not find a price on the little volume but it would seem that it would be worth about whatever would be asked, to the man who is interested in coins.

ST. LOUIS SOCIETY BANQUET

The thirty-first annual banquet of the St. Louis Stamp Collectors Society will be held February 18th at 7 p. m. at the Marquette Hotel. Reservations may be made with the Secretary, John Snow, 3710 Delmar. $1.00 to members and guests, $2.00 to others. The final meeting before the banquet will be Tuesday, February 4th at 8 p. m., at the Marquette Hotel. All St. Louis collectors invited to attend.

—Henry Lacks, Banquet Com.

ROOSEVELT STAMP CLUB

Roosevelt School of Columbus, Ohio, has a Stamp Club that is quite active. The boys take a great interest in the club and are helped by the teachers, since stamps are used in their class work. The editor of Linn's Weekly was called upon last week to supply some data for the club work and it is evident from the class of information that the boys asked for that they are going into their stamp studies deeply.

AIR MAIL FLASHES

EDITED BY H. G. KINGDOM, CONNEAUT, OHIO

This department belongs to our readers and we ask you to send all information received to the Editor as soon as possible and same will be acknowledged

NEW AIR RATES

Postmaster General Walter F. Brown, speaking before the Chamber of Commerce at Cleveland, Ohio, on January 14th, spoke with regard to new air mail contracts as follows:

"The method of determining the compensation of air mail contractors must be changed. The system of paying by the pound regardless of distance travelled must be revolutionized. Such a system compels the contractor to gamble on the volume of mail he will carry and creates an inducement for him to swell his volume by unethical practices. He is obliged to make the flight whether the Post Office Department furnished him one pound or a thousand pounds of mail, and he should, therefore, be paid a just compensation for his readiness to serve, as well as for services performed."

All of which indicates that we shall soon see radical readjustments of these rates based perhaps on a fixed mile rate and the weight space provided by the contractors.

ROUTE CHANGES

Hearings before the House Committee on Appropriations at Washington, D. C., on January 13th, developed that the Postal Department is considering giving a contract over the southwest route from Los Angeles to Kansas City and extending same to Birmingham, Ala., via Tucson and Fort Worth. Another possible change is to run the Cleveland-Pittsburgh route through to Washington, D. C., and on to Norfolk, Va. Extend the Chicago-St. Louis route down the Mississippi Valley to New Orleans. And in outlining such plans, Mr. Glover said, "We have in mind straightening out the line which now goes down from New York to Atlanta, so that it will go by way of Montgomery, Ala., instead of by Birmingham. Then we want a line from Atlanta to Birmingham, Jackson, Shreveport, Fort Worth and Dallas. Then we want to extend the line from Louisville down to Nashville, Memphis and on to Fort Worth and Dallas." So that it seems the CAM collector may be kept busy this year, if the necessary appropriations are forthcoming.

FOREIGN COVERS

From correspondence with collectors of all degrees, I am strongly of the opinion that they are beginning to appreciate the beauty and desirability to adding as many foreign covers to their collections as may be possible. Why? Well, because these covers with their beautiful air stamps and different labelling, etc., add a great variety and beauty to any collection. Then again these cover are not and never have been plentiful, and the addition of some of the better class of such covers, when they can be had, at reasonable prices, will surely in a few years greatly enhance the value of the collection. So we say, do not neglect this class when you have opportunities.

AN

UP-TO-DATE

NYRBA FLIGHT

The only additional information concerning the northward flight of these lines from Buenos Aires, about March 1st, is the addition of cities not already mentioned, viz: Sao Paulo and Montenegro, Brazil, Mar del Plata, Rosario, Cordoba, Acumul, Salta, Argentine, and Yacuiba, Bolivia, on routes out of Buenos Aires. As near as we can figure, complete coverage would require something like 750 covers, and cost over three hundred dollars, so I think I'll have to struggle along with a few from the most important cities in each country addressed to me.

The Canadian Prairie flights are now tentatively scheduled for February 3rd, if the lighting is completed by that time.

NEW AIR STAMP

Mr. Glover has announced that the design for the new Five Cent has been approved, but date of issue is uncertain and it is said there may not be any announced first day cities.

CANADIAN AIR NOTES

By G. W. Linke

The first official flight between Ft. McMurray and Aklavik is now a reality. Some of those who helped to make up the total of 122,000 covers mailed may be interested in a short history of the flight.

The start was made at 10:00 a. m. on December 10th, 1929. Two planes covered the 150 miles to Ft. Chipewyan in one hour and 15 minutes. The return trip required just 10 minutes longer and the planes arrived back at McMurray the same day at 3 p. m.

The next day three planes left McMurray, the intention being to get to Ft. Smith by evening, but a dense fog over Lake Athabaska forced the planes to descend at Ft. Chipewyan. On the morning of the 12th the planes took off again, passed over Ft. Fitzgerald, and shortly after landed at Ft. Smith. The mail was immediately unloaded and the machines flew back to Ft. Fitzgerald. The planes returned to Ft. McMurray on the 13th, and on their arrival at that point, the bona fide mail (not the cacheted covers) were transferred to another plane which immediately left for Edmonton, arriving at 3:15 p. m. Most of this mail was delivered by letter carrier the same afternoon, together with a post office circular stating that those who wished to send replies to the north might mail their letters up till 11:00 a. m. of the 14th. Only one local collector got wind of this in time, depositing 8 covers at the post office just as the mail closed, therefore covers on this first official flight from Edmonton will be rather scarce. They are cancelled Edmonton, December 14th, 11 a. m. and backstamped Ft. McMurray, December 15th. The plane did not leave as scheduled owing to some slight engine trouble, leaving on Sunday morning, the 15th, and arriving at McMurray about noon.

On the same date, several planes left McMurray and carried a load of mail to Ft. Resolution, again returning to McMurray.

Hay River received its load of first day covers on the 17th, and Fort Providence was visited on the same day. One plane carried the mail from Ft. Resolution to Ft. Simpson on the 18th, returning to Resolution on the 19th. The 20th saw three of the planes arriving at Ft. Simpson.

One of the planes left Simpson on the 21st with mail for Wrigley, Ft. Norman and Ft. Good Hope, but was forced to return 15 minutes after the take off. Next morning the plane again left, this time carrying mail only for Wrigley and Ft. Norman.

The last lap of the journey started from Simpson on the 24th, but it was found that one of the ships was frozen down and it required an hour to release it. This meant that the two planes making the trip would have to stop overnight at Norman, instead of at Good Hope, as had been planned. On Christmas day the two ships continued on to Ft. Good Hope.

The next hop, on the 26th, brought the mail as far as Arctic Red River. The jump from here to Ft. McPherson was made the next morning, the planes continuing after one of them had landed the mail, the outward journey being completed at 12:35 p. m. with their arrival at Aklavik.

The return trip was made in record time. Leaving Aklavik on the 30th, just before noon, they reached Simpson on New Year's day. The 700 miles from here to McMurray were covered in less than six hours on January 2nd, completing the return journey.

Last August, when the Western Canada Airways, Ltd., carried mail from Aklavik, N. W. T., to Dawson, Yukon, the first and only time this trip has been made by air, only 83 letters were carried.

There is still time for those who have not made up covers for the service between Winnipeg and Calgary, and the branch route from Regina to Edmonton. The date has been set for February 3rd, and it is just possible there may be a further delay.

DENMARK

A few minutes with a perforation gage and magnifier, will be well spent among the 1870-99 issues of this little, but well known country.

In 1870, the first stamps of this type made their debut to the stamp collecting public. The printing was nicely executed in two colors. To the casual observer, the framework appears perfectly symmetrical, with all four corners of the border exactly alike. However, as Scott so clearly points out on pp. 482 of the Standard Postage Stamp Catalogue, there is a slight difference between two corners, making inverted frames possible. As the difference was so slight, the printer probably fed the stamps into the presses the way they came, with the result that many of the inverted frame varieties are fairly common. However some are more or less elusive.

Of the perf. 14x13½, issued in 1870-71, all values are good inverted, while the 16 skillings is priced at $2.50 normal and $25.00 inverted. The 2, 4, and 48 skillings, perforated 12½ are fine stamps, but are vary hard to find. 1874-79, finds the same perforation used, but with new values, currency and colors. This set is fairly common both ways. Although the 3, 8, 12, 16, 20, and 50 ore are no rarities inverted, the invert is by far the better stamp. However the remaining values of the set (4, 5, 25 and 100 o.) are good inverted, the 5 ore being cat. $25.00.

The next issue that these stamps occurred in was that of 1896, but the inverts are fairly common except the 25 ore worth $1.00.

The thing to keep your eye open for most is: the 1870 issues perf. 12½; the 8 and 16 sk. (1870) inverted; the 5 ore. (1874) inverted.

—Sigmund Sameth.

STAMPS AS MOVIE BAIT

The Bill Board, leading paper of the Show World, contains an item about the use of stamps by motion picture houses as lure for the boy patronage. The clipping comes from Mr. James Barry of New York and is in line with the information we have previously published about Picture Houses offering packets of stamps to boys at the Saturday matinees.

APPROVALS—½c, 1c, 2c, also 50%. Set of stamps free to applicants. We like a reference. Here's ours: S.T.P.A. 305.

Air Mail Envelopes

SPECIALLY DESIGNED ENVELOPES for Air Mail Cover Collectors. Our numbers 101 to 105 are printed on fine quality rag bond paper that will outlast and outwear the cheap kind of wood pulp envelopes such as are ordinarily used. Ours are printed in brilliant lasting colored inks and will add variety and life to your collection. For those who want the cheaper envelopes, our No. 110 is the standard quality commercial Air Mail Envelope. **Sample set of the six envelopes for 10 cents, postpaid.**

A FORTY MILLION DOLLAR STAMP

The following story has been printed in various forms many times but the version as written by Dorothy Davidson in a recent number of Argosy Magazine is so well told that it is printed again. A. E. Shaw of the U. S. Weather Bureau of Charleston, S. C., sends the clipping.

It is never mentioned in the gossip of stamp collectors, but probably the most expensive stamp in the world is a one-centavo Nicaraguan stamp which brought forty million dollars to the Panama Canal Company of France in 1902. In 1879 they had secured a concession from Colombia to build a canal through Panama, but went bankrupt. In 1902, Philippe Bunau-Varilla, a young engineer, was sent to Washington to sell the concession.

The United States Canal Commissioners, in their report to Congress, had recommended that the canal be built through Nicaragua. It was cheaper, and more direct than the Panama route. But Nicaragua was a country of active volcanoes and subject to earthquakes. An inopportune report of an eruption of Momotombo was hastily denied by the Nicaraguan government and a statement issued that there had been no recent eruptions.

But an unexpected ally was found by Bunau-Varilla almost on the eve of the Senate vote. Rummaging through a stamp-dealer's stock in Washington, he came upon a Nicaraguan stamp showing the volcano Momotombo sending up a beautifully engraved cloud of smoke over Lake Managua. He bought the entire stock. Next day, each Senator received one of the stamps, mounted over the caption: "An Official Witness of the Volcanic Activity of Nicaragua." Three days later the vote was taken. The Panama site won by the narrow margin of eight votes.

"PASTEUR"

By Kenneth Bicking

There is no question as to why France should issue a special set of stamps to honor this great man.

Before Pasteur was born, nearly all diseases were mysterious, but Pasteur made plain and showed how to prevent most and cure some of the worst diseases.

His favorite motto was, "Il faut travailler," "We must work." He lived up to this motto very well. He was always working.

Pasteur's body now lies in the "Pasteur Institute," the center of the world for the understanding and cure of disease. In front of his tomb is the statue of a young shepherd struggling with a mad wolf. This was the first person saved by Pasteur's discovery of a cure for the bite of mad animals.

Pasteur's picture is shown on a group of pictorial stamps issued by the French government.

Object

To maintain and hold confidence.

To strengthen the hobby.

To create good will.

Benefits to Members

Official Organ

Official Stationery

Advance Bulletin Service

Sales Department

Exchange Department

Supt. of Information

Fenton, Mich., January 18, 1930.

Here we are, eighteen days since organization and with a paid in membership of fifty-three (53) who mostly before any literature was distributed have felt their place was in the ranks with those who are trying to create a confidence in our hobby by making you feel you have an active part in its upbuilding.

This Society was organized with a feeling that there was need for it, that the collecting of air mail stamps and covers was being of benefit to but a few dealers and dealer collectors who were exploiting the majority of collectors through various methods, who had no one in authority to whom they could appeal for advice or redress. Its sponsors knew they must give much of their time toward the correcting of a seeming evil of the past. We feel we understand just what is wrong and felt the need of this Society to protect what others were trying to destroy. The wonderful response by collectors and dealers, many of them internationally known but proves we are due for a steady onward growth into a Society whose influence shall be felt throughout the aero collecting world.

The membership list shall not be published in this, our Official Organ. Once each month the Chairman of the Board of Control shall place in the hands of each member a list of all members paid in up to that mailing date. We feel that by handling in this way that you shall be secure from the mailing lists of those benefiting only by its publication.

The Sales and Exchange Departments shall be operating just as soon as a plan can be worked out whereby the member handling these departments can be remunerated for his time and expense in their efficient and proper handling, through a percent basis of earnings from the material passing through his hands.

The members shall have included in their dues of $2.00 per year, the cost of securing the internationally known "Bob's Airmail Bulletin Service," a service of advance data on aero events edited once or more each week and placed in your hands so you can keep advised and also place through your own covers if you desire. (A supply of self-addressed and stamped envelopes must be kept on hand at the mailing office of the bulletin in which they can be mailed to you. This assures you of quick receipt after issue and is a very small expense when compared with the abundance of aero data obtained.

Plan on a Convention this coming fall, (we should be from 300 to 500 strong at that time if our present record of growth is a basis), wherein we can get acquainted with one another and whereby in open meeting we can discuss and work out changes in By-Laws and various other problems which will come up as time goes on.

Understand your present officers, operating as a Board of Control, expect in no way to personally benefit by this organization. We are collectors just as you are and stand ready with you to create a good will whereby our hobby shall be more secure. We ask that you retain your memberships in other Societies, thereby assisting in other ways to maintain that confidence we wish to hold.

This is our introduction to you. An application blank is here for you. The dues of $2.00 per year are very small considering the benefits given. We want you with us. We want you to see for yourself where the future in Aero Philately lies.

R. A. Brooks, Chairman.

WAYNE STAMP SOCIETY ANNUAL ELECTION

At the last meeting of the Wayne Stamp Society of Detroit, held in the Club Rooms in the Recreation Center Building at the corner of Fairview and Canfield Streets, the annual election of officers was the business of the evening.

Albert C. Butzen was elected president: Frank Green was elected Vice President and Henry Fritz, Secretary-Treasurer. John Daller, Stanley Gregory and Clyde Jackson were elected as a Reception Committee.

Herman Boers was again placed in charge of the Publicity Department for the club, succeeding Ward Chapin who has had charge of this department during the past year.

The Wayne Stamp Club meets on the 2nd and 4th Thursday of each month.

FULL SHEET ERROR

In the January 11 issue of Linn's Weekly on page 173 we published an item about a "sheet error" in United States Stamps. Mr. Don C. Minnick of Toledo, Ohio, who supplied the information on that variety now advises us of the finding of another sheet error that is very similar to the one already described.

Mr. Minnick now sends a diagram of a sheet of 100 stamps that shows clearly that there is opportunity for finds in the current stamps if one just has the opportunity to examine the sheets. This sheet has 100 stamps in it but the top row of ten stamps is divided from the other nine rows below it by a band of plain white paper about a half inch in height. This white strip across the sheet is the paper that should have been severed when the sheets were cut apart into panes of 100 stamps but due to some cause which we will not attempt to reason out the sheet was cut across the top of the bottom row of stamps in the upper pane of the sheet. It is evident that there must have been more similar sheets or that due to a break in the paper in printing, this sheet has got through without being discovered. There are more ways than one in which such a sheet could occur and it is useless to speculate on just how it did happen.

We can not tell from the diagram shown us just which sheet of 100 this is, but it is evident that it is a bottom sheet from a pane of 400 but whether right or left side can not be told from the diagram before us.

THE PANAMA CANAL

Franklin R. Kuhns

One of the most interesting issues of the United States possessions is the latest Canal Zone set. This issue is in commemoration of the men who were important factors in the development of the Panama Canal.

The one cent yellow green and the two cent carmine were issued in 1928. The five cent blue, twelve cent violet brown and fifty cent rose lilac were issued in 1929, also the one and two cent were surcharged fifteen and twenty-five cents for air mail postage.

The one cent bears a portrait of Surgeon-General Wm. C. Gorgas. In 1907 Col, Gorgas was created Chief Health Officer of the Isthmian Canal Commission. He completely ridded the country of malaria and yellow fever which had seriously menaced work on the canal. He was given the rank of Surgeon-General in 1914.

The two-cent bears the portrait of Geo. W. Goethals, the "George Washington" of the Canal Zone. Col. Goethals was created Chief Engineer of the Commission and under his direction the canal was completed in 1914. He was then chosen to be the first civil governor of the Canal Zone for the term ending 1916. He was awarded the Distinguished Service Medal in 1918 and was created commander of the Legion of Honor of France in 1919 for succeeding where Frenchmen had failed.

The five and twelve cent are in honor of Col. David G. Gaillard. The five cent shows a view of the Gaillard Cut. The construction of the canal thru this cut was accomplished after great labor and loss of life. The twelve cent bears the portrait of Col. Gaillard who was appointed Division Engineer in charge of Culebra Cut and upon its completion was named in his honor.

The fifty cent bears the portrait of ex-Senator Joseph C. S. Blackburn. A Confederate Civil War Veteran he was appointed from his Congressional position to head of the dept. of civil administration on the first Isthmian Canal Commission, 1901.

This fine set of stamps gives us a glimpse into the history of the Panama Canal. Let us hope the Postal Dept. issues more stamps like these. It is the history behind the stamp that really makes it worthwhile.

World Complete!

One stamp from each of 600 stamp issuing countries. Cat. val. in excess of $278.00. In 7 walnut frames—worth alone $12.00—all for $75.00. Money back if not satisfied. Write for further particulars.
